SELLING: 50 Yearlings & 15 Fall Bulls/Coming Two's

2021 Dethlefs/Treffer Production Sale

Welcome to our 53rd Annual Production Sale! It's something we always look forward to as we get to see and visit with all our past customers, while greeting and making friends with all the new ones.

Through all these years we have seen many changes in the cattle industry. There have been many improvements in the genetics and a few that didn't work out too well. My feelings are that we are on the verge of great things to come. In the next few years, we will see earlier maturing offspring that will go to market in less time. They will possess the carcass quality that will bring premium prices. This will definitely help on the bottom line. There have been some unbelievable prices paid for some good seedstock bought, but I have always said - **it's not what you pay for them that sets the value of the animal, it's what they can produce that really sets the bottom line.** We feel that we have raised for you a diverse set of quality bulls that can help in many programs. We invite you to our sale to evaluate our cattle share a meal and a word or two!

A special thank you for all the support in the past, as that is what has made it possible to have over 50 years of production sales!

Dethlefs Angus Ranch

On behalf of my family, thank you for your interest in our bulls and our program! Last year, we had the sale bulls clipped, ultrasounded and videoed when we heard about Covid-19 and began to think about how to have a bull sale. To say the least, it was challenging and not without some anxiety. Thank to Matt Lowery, the crew at the Burwell Livestock Market, our ringmen and a host of relatives, it happened. Now it is a new year, our 2nd sale at Burwell and the beef industry is back - alive and well! Yes, the world is not the same and we've lost too many good people to the pandemic, but there is renewed hope for better times ahead.

Hopefully you will find the genomically enhanced EPD's, ultrasound information and other data valuable as you make your selection. Along with that, we continue to work hard to offer only structurally and functionally superior cattle that will work for our customers. Videos of the bulls and online bidding are available at dvauction.com. The most detailed and current genetic information can be found at angus.org by putting the bulls registration number from the catalog into the search bar.

If you have any questions about our bulls or want to see them prior to sale day, feel free to contact us. Thanks for considering our offering!

Treffer Angus Ranch

Dethlefs/Treffer Bull Sale 2021

Thursday, March 25, 2020 | 1:00 pm
Burwell Livestock Market | Burwell, NE

The Burwell Livestock Market is located at 401 11th Avenue, Burwell, NE 68823

Auctioneer: Matt Lowery, Burwell, NE | (308) 750-6119

Publication Representatives:

Chris Beutler | Special Assignment (402) 380-8244

Jason Hansen | Special Assignment (402) 649-0500

BUYERS UNABLE TO ATTEND THE SALE MAY SUBMIT THEIR BIDS TO THE AUCTIONEER, REPRESENTATIVES OR BID ON DVAuction.

SELLING
50 Yearling Bulls
15 Fall & Coming
Two-Year Olds

Terms and Conditions:

Cattle will sell under the Standard Terms and Conditions recommended by the American Angus Association. The terms of the sale are cash. All settlements must be made at the close of the auction.

Any disputes as to bids shall be settled by the auctioneer, whose decision shall be final and shall bind purchases to the announcement of the sale and sale price.

Special care has been taken to insure the accuracy in the matter of pedigrees and information included in this catalog, but we are not to be held responsible for any error which may appear and is beyond our control. Corrections that may be discovered prior to the sale will be announced at the time of selling.

Guarantees:

All bulls selling for **over \$2500** are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turn-out of the bulls. Please notify us at onset of injury to discuss treatment options.

Notification must be received by the breeder by September 1, 2021. Credit for the amount of purchase price minus \$2500 will be applied toward a replacement bull if one is available or applied to a purchase in next year's sale. The buyer keeps salvage value on the injured bull.

Herd Health:

All cattle were vaccinated with two doses of modified live vaccine including IBR, PI3, BRSV, BVD and Pasteurella, as well as, a Clostridial 7-Way/Haemophilus vaccination. They were poured in the fall with Ivermectin for internal and external parasites. Out-of-state buyers will be furnished with necessary health papers.

Herd Testing:

All the bulls are guaranteed free of genetic defects which include AM, NH, CA, DD or free by pedigree.

Semen Testing:

All bulls in the sale have passed a strict breeding soundness exam consisting of semen evaluation for motility, morphology, concentration and presence of WBC's. They were also checked to be free of penile warts or persistent frenulum.

SALE DAY PHONE: (308) 346-4257

Dethlefs/Treffer Bull Sale 2021

Volume Discount

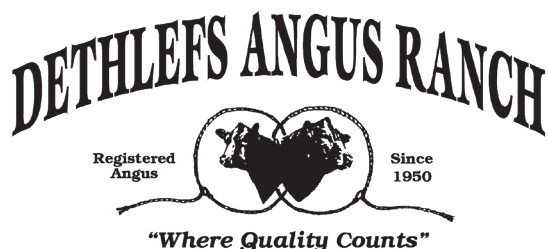

Discounts will be offered at 3% for three bulls, 4% for four bulls and 5% for five or more bulls.

Free Delivery

Bulls will be delivered free of charge in Nebraska or if you haul sale day, \$50 will be deducted per bull.

Nutrition

The yearling bulls have been housed at the bull development center of Darr Feedlots, Inc. They have been fed a high roughage diet to test their performance ability without sacrificing their soundness, longevity or future use.

A nice son of Seedstock. He is deep ribbed and has good natural thickness. His dam was shown on the state and national levels.

Ultrasound scans for carcass quality information was completed on March 4th. Scan data will be available on a supplement sheet sale day, which will also include any updated EPDs.

The American Angus Association has implemented a program that updates EPDs weekly. We will have updated EPDs on our supplement sheet, as well as results on some bulls that have been genomic tested.

This bull is out of a heifer that was only 15 months old when she calved. She bred right back to AI with a heifer calf. Does a good job doesn't she?

57 General Traveler KD 9108

The late Spring and Fall bulls have been running on pasture since weaning. They have been on a light growing ration and are not carrying extra condition. Most of them are sired by Connealy General. He was our selection at Connealy's 2017 Spring sale. He was an embryo calf sired by Greeley and out of Granite's Dam. He stamps his offspring with length, good bone, wide base and more depth and natural thickness than any bull we have used. This is his last calf crop, as we have lost him due to injury this last season.

A thick made, deep bodied bull that shows a lot of growth. Out of an Upshot dam.
